Preface Fact Book 2023

The Office of Academic Administration is pleased to introduce the thirty-third edition of The University of Texas Health Science Center at Houston's (UTHealth Houston) annual *Fact Book*.

Data, where appropriate, align with:

- The university's Annual Financial Report;
- Certified Texas Higher Education Coordinating Board reports (enrollment, degrees conferred, faculty, medical residents);
- Performance Measures reported to the Legislative Budget Board (uncompensated charity care, medical outpatient clinical activity visits); and/or
- Other State and UT System required reports (financial aid, research expenditures, facilities, philanthropy)

Most tables portray FY 2022 data, which covers the period of September 1, 2021 – August 31, 2022. Enrollment and employee figures are as of October 2022 and the executive organization chart is current as of press time.

Table titles will indicate the date(s) covered.

UTHealth Houston Mission Statement

As a comprehensive health science university, the mission of The University of Texas Health Science Center at Houston is to educate health science professionals, discover and translate advances in the biomedical and social sciences, and model the best practices in clinical care and public health.

We pursue this mission in order to advance the quality of human life by enhancing the diagnosis, treatment, and prevention of disease and injury, as well as promoting individual health and community well-being.

UTHealth Houston Vision Statement

Excellence above all in the quest to be an acknowledged leader in the collaboration to treat, cure and prevent the most common diseases of our time through education, research and clinical practice.

The University of Texas Board of Regents

source: https://utsystem.edu/regents

The Board of Regents, the governing body for The University of Texas System, is composed of nine members who are appointed by the Governor and confirmed by the Senate. Terms for Regents are scheduled for six years each and staggered so that three members' terms will usually expire on February 1 in odd-numbered years. In addition, the Governor appoints a Student Regent for a one-year term that expires on May 31.

Throughout the more than 100-year history of The U. T. System, the Board has been composed of dedicated and distinguished Texans who have been strong advocates of excellence in academic programs, scientific inquiry, and responsible public service.

^a On June 30, 1993, the Department of Education initiated a new default rate calculation for the Perkins Loan Program. The new default rate calculation, called the Cohort Default Rate, looks at borrowers entering repayment in a specific one year period. As of June 30, 2022, the Cohort Default Rate for the Perkins Loan Program was 0.00%, for the year ending June 30, 2022

^b Principal, interest, investment income and late fees.

¹ Due to a Student Information System change, if a student accepts a lesser award amount than the original maximum award offered, the offer amount is automatically superseded by the lower accepted amount. In previous years, the original maximum award offered was reported. As a result, the Direct Loan award amounts beginning in the 2013-14 academic year are significantly lower than those reported in previous years.

Includes operating expenses, indirect cost recoveries and capital purchased.

Note (pertains to all research tables):

• Faculty in the Graduate School of Biomedical Sciences hold their primary appointments in another school/institution. As such, their respective research activity is reported in the home department, and not through GSBS. The exception to this is when reporting the rsearch activity of faculty who hold administratic roles at GSBS, such as the school's dean.

Note: Data reflect the respective annual award amounts for the period it is effective. Clinical research projects that paid based on study subject enrollment were counted as awarded at 100 percent of the contracted amount in the year received, regardless of enrollment/earned revenue. Reporting is on a cash-basis method, reflecting revenue as it is received.

Contract & Grant Awards by Unit & Type FY 2018 - 2022

source: Frank La, Sponsored Projects Administration

Note: In FY 2022, Sponsored Projects Administration recategorized UTHealth's extramural funding portfolio to better reflect the broader range of the university's program types: 1) "Research" has been sub-categorized into "Basic/Lab Research or Services" (and includes federal shared equipment grants) and "Clinical Research", 2) Instruction and Fellowship/Scholarship have been combined into "Training/Fellowship/Scholarship" to highlight the number of programs geared toward developing future research scientists and, 3) the Non-Research/Public Service category has been separated from "Other" to reflect the growth of public health and clinical service programs. Examples of these are the county-wide covid testing contract and the federal Ryan White HIV/AIDS program. Last, the funding amounts are all inclusive of Sponsored Projects but the number of awards, prior to 2022, did not include clinical trials. FY 2022 number of awards includes 395 clinical trials.

source: Frank La, Sponsored Projects Administration

Note: Data reflects the respective annual award amounts for the period it is effective. Clinical research projects that paid based on study subject enrollment were counted as awarded at 100 percent of the contracted amount in the year received, regardless of enrollment/earned revenue. Reporting is on a cash-basis method, reflecting revenue as it is received.

McGovern Medical School Outpatient Clinical Activity - Visits FY 2013 - 2022

source: Performance Measures Report to the Legislative Budget Board, November 2022

Note: The COVID-19 pandemic beginning in March 2020 had a profound effect on the ability of UTHealth Houston medical, dental and nursing practitioners to perform patient care. FY 2020 decreases are the direct result of clinic closures and subsequent reductions in patient visits due to social distancing requirements. These effects are notable on the patient care tables that follow in this chapter.
