Step 5: Enter your school login credentials

The image shows a login page for Marquette University. At the top, there is a dark blue header with the Marquette University logo and the text "MARQUETTE UNIVERSITY" and "BE THE DIFFERENCE." Below the header, the page is titled "Secure LOGIN for Marquette University". There are two input fields: "Marquette Username" and "Password". Below the password field is a "LOGIN" button.

Step 6: After logging in, first time users will need to request access to BigMouth. Users can request access by filling in the form shown below and then clicking on the “Click to Request Access” button.

The image shows the BigMouth Dental Data Repository website. The header includes the BigMouth logo and the UTHealth logo. Below the header, there is a navigation bar with links for "Access BigMouth", "FAQ", "Publications", "Contact", and "Admin". The main content area is titled "Welcome!" and displays the following information:

- Your institution has shared the following Digital ID information with BigMouth:
 - Name: John Doe
 - Email: None
 - Username: jdoe@uth.tmc.edu
 - Institution: UT Health

Below this information, there is a message: "You have not yet been granted access to BigMouth. You may send a request here." There is a text input field for "Enter reason for request:" and a "Send Request" button.

Users can now log out by closing the browser. The BigMouth team will review your request and send you an email with a DocuSign link to sign an access request form. The signed form will then automatically be routed to the project sponsor at your institution for signature. After the approval by the project sponsor, your account will be set up and you'll be informed through an email.
