

## ANONYMOUS ATTENDEE QUOTES

### What did you like most about the event?

- *“Networking and small group discussions; gaining insight on successful approaches for a winning application; engagement of NCATS CTSA director throughout the program and meet & greet with PIs”*
- *“To learn more about the regional consortium and the different research programs was very interesting. It was a great networking opportunity“*
- *“The concept behind the T1-T4 competition was great! It's so important for researchers to be able to effectively communicate with the public“*
- *“I liked how interactive each session of the meeting was. The engagement was a 20/10! Very well done”*
- *“Everyone was so supportive of us trainees before and after presenting our T1-T4 3-minute speeches”*
- *“I really like the opportunity for the 4 CTSA's to get together. We are all stronger if we work together”*
- *“Breakout sessions provided the opportunity to explore additional areas of collaboration and enhancement, especially in workforce and team science”*
- *“Understanding what other CTSA groups are doing and how we can work together for future initiatives”*
- *“Well organized. A large group of diverse attendees”*
- *“The chance to network with the other TRCC institutions and have a snippet of the research being done there in basic science, clinical sciences, and humanities”*
